5.1 .CONSOLIDATED REPORT ON SCHOLARSHIPS

The Jagananna Vidya Deevena scheme, initiated by the Andhra Pradesh government, significantly benefits degree students from Scheduled Castes (SCs) & Scheduled Tribal (ST), and OC, BC in our College. This comprehensive initiative aims to alleviate the financial burden of higher education by providing full reimbursement of tuition fees. For many students in rural areas, financial constraints have historically posed a significant barrier to accessing quality education. By covering the entire cost of tuition, the scheme ensures that these students can pursue their academic goals without the constant worry of accumulating debt or being forced to drop out due to financial difficulties. This support is crucial in rural areas where economic opportunities are limited, and the cost of higher education can be a prohibitive factor for many families.

OUTCOME :

In the last 5 academic years, the total amount Rs. 72,65029/- was distributed to 2,239 students in our college.

SNO	ACADEMIC YEAR	NO OF STUDENTS ADMITTED	NO OF STUDENTS APPLIED FOR SCHOLARSHIP	NO OF THE STUDENTS SANCTIONED	TOTAL AMOUNT RELEASED (IN RUPEES)

5.1.B. FREESHIPS OF PHILANTHROPISTS & ALUMINI

Freeships provided by philanthropists and alumni play a transformative role for students in our college. These generous contributions significantly reduce the financial barriers to higher education, ensuring that students from rural backgrounds can pursue their academic aspirations without the burden of Text books and other associated costs. For many families in rural areas, the expense of higher education can be prohibitive, often forcing students to forgo their studies. The financial aid offered by philanthropists and alumni alleviates these concerns, enabling students to focus on their education and fully engage in their academic pursuits. This support is crucial in fostering an inclusive educational environment where all students, regardless of their economic background, have the opportunity to succeed.

Moreover, the financial aid from philanthropists and alumni not only provide immediate financial relief but also contribute to long-term academic and professional success for students in our college. These freeships often come with additional support, such as mentorship programs, networking opportunities, and access to resources that enhance the students' overall educational experience. By connecting current students with successful alumni, these programs create a support network that encourages academic excellence and career development.

OUTCOME :

During the last five years, so many Philanthropists and Alumni members donated different contributions which are very essentials to our 3,022 college students.
