5.1.2.1 .CONSOLIDATED REPORT ON SOFT SKILLS

Soft skills significantly enhance their employability and career prospects. These programs focus on essential skills such as communication, teamwork, leadership, and problem-solving, which are crucial in the modern job market. By developing these abilities, students are better prepared for job interviews, workplace interactions, and professional growth. Soft skills training helps students from rural backgrounds gain confidence and improve their social interactions.

OUTCOME :

By providing training in Soft Skills nearly 2871 students were benefited for the last 5 years.

5.1.2.2 CONSOLIDATED REPORT ON LANGUAGE AND COMMUNICATION SKILLS

Language and communication skills training at our college, significantly benefits the backward students. These programs improve proficiency in spoken and written English, enabling students to articulate their ideas clearly and confidently. Enhanced communication skills are crucial for job interviews, presentations, and teamwork, thus boosting their employability.

Strong language skills empower students from rural backgrounds, fostering greater self-confidence and active participation in academic and social activities. Improved communication skills help bridge the gap between rural and urban students, promoting equal opportunities and social mobility.

OUTCOME :

By providing training in Language and Communication Skills nearly 239 students were benefited since 2019.

5.1.2.3. CONSOLIDATED REPORT ON LIFE SKILLS (YOGA, PHYSICAL FITNESS, HEALTH AND HYGINE, SELF EMPLOYEMENT AND ENTREPRENEURIALSHIPS)

Life skills training at our college, significantly benefits the students by incorporating yoga, physical health, hygiene, self-employment, and entrepreneurship. Yoga and physical health programs enhance students mental and physical well-being, reducing stress and improving concentration, which directly contribute to better academic performance. Regular practice of yoga helps students develop a disciplined lifestyle, promoting overall health.

Emphasizing health and hygiene educates students on maintaining personal cleanliness and preventing diseases. This is particularly crucial in rural areas where access to healthcare can be limited. By understanding the importance of hygiene, students can adopt healthier habits, leading to a decrease in illness and absenteeism.

Training in self-employment and entrepreneurship equips students with essential skills for creating their own job opportunities. Workshops on business planning, financial management and marketing strategies inspire students to explore entrepreneurship as a viable career option. This training fosters an entrepreneurial mindset, encouraging students to think creatively and independently.

Overall, life skills training at our College ensures holistic development for the students. It prepares them for both personal and professional challenges, fostering a sense of empowerment and independence. These programs help break the cycle of poverty and create sustainable livelihoods, ultimately contributing to the social and economic upliftment of rural communities.

OUTCOME:

Approximatly, 2687 students were benefited by conducting the Life Skills programs by last five academic years in our college.

5.1.2.4. CONSOLIDATED REPORT ON ICT

Information and Communication Technology (ICT) training at our college offers significant benefits to students by enhancing their digital literacy and technical skills. Access to modern ICT tools and resources helps students develop proficiency in essential software and applications, improving their academic performance and job readiness. ICT training equips students with the skills needed for various digital roles, bridging the gap between rural education and urban job markets.

Additionally, ICT programs foster better communication and learning opportunities by integrating online resources and virtual collaboration tools into the curriculum. This exposure not only enhances students' ability to engage with global information and platforms but also prepares them for the increasingly digital workplace, ultimately improving their employment prospects and contributing to their socio-economic advancement.

OUTCOME :

Now a days, the ICT is having an important role in this society, our college conducted so many ICT oriented programs for backward computer knowledge students. For these ICT programs nearly 1522 students were benefited for the last five years.
