GOVERNMENT KALASALA, JANGAREDDIGUDEM

ELURU DIST., A.P.

DEPARTMENT OF MATHEMATICS BEST PRACTICE FEBRUARY 19th – 26th 2024

NOTICE

It is proposed to conduct departmental staff meeting on 05-02-2024 at 4PM in the Department of Mathematics.

Agenda of the meeting: National Webinar, National Science Day Event, Student's tutorial, Conduction of Mid Exams etc.

Dr. CH. Badari Narayana, Lecturer in Mathematics, 1.

CIRS

Dr. M. Madhu, Lecturer in Chemistry, FC 9-2 2.

Dr. K. Uttam Sagar, Lecturer in Commerce. KUltamsefee 3.

MEETING

Departmental meeting was held on 05-02-2024 at 4PM in the Department of Mathematics under the chairmanship of Dr. N. Prasad Babu, Principal of this college. And the following issues have been resolved.

- Resolved to organize a national webinar on the subject of mathematics, addressing timely topics and aiming to facilitate knowledge sharing and professional development among students with renowned experts.
- Also resolved to establish student tutorials, where undergraduate students from our college will teach mathematics subjects to intermediate (10+2) level students, with the aim of facilitating knowledge sharing and mutual benefit.
- Also Resolved to execute the conduction of mid-term examinations, adhering to maintaining integrity in assessment processes.

The following members are present and signed.

- 1. Dr. CH. Badari Narayana, Lecturer in Mathematics, CH2
- 2. Dr. M. Madhu, Lecturer in Chemistry, p.9-1
- 3. Dr. K. Uttam Sagar, Lecturer in Commerce.

Kütannefe

Principal CSTS Govt. Kalasala Jangareddigudem-534447 Eluru Dist.,A.P

Objectives:

1. To provide tutorial sessions for Intermediate (10+2) level students at SDS Government Junior College, Jangareddigudem, aimed at elucidating complex mathematical concepts.

2.To empower high school students with a solid foundation in fundamental mathematical principles, enhancing their understanding and performance in final examinations.

2. To focus on specific topics such as Pure Geometry and Algebraic Expressions, ensuring comprehensive coverage of key mathematical concepts.

3. To inspire and motivate students through the passion and expertise demonstrated by undergraduate mentors from the institution.

4. To establish student tutorials as a means of fostering mutual growth and shared learning experiences among tutors and learners.

5. To create a symbiotic relationship wherein both tutors and learners benefit from the exchange of knowledge and ideas.

6. To enrich the academic landscape of the institution and promote collaborative learning beyond the classroom.

Mathematics Enrichment Program

The Department of Mathematics, under the expert guidance of Dr. CH. Badari Narayana, lecturer in Mathematics, enthusiastically conducted tutorial sessions for Intermediate (10+2) level students enrolled at SDS Government Junior College, Jangareddigudem. These sessions, meticulously planned and executed, spanned from 19/02/2024 to 26/02/2024. The dedicated students who spearheaded these tutorials adeptly elucidated complex mathematical concepts to their peers, conducting classes diligently for an hour each day as per the prescribed schedule.

These tutorial sessions proved to be invaluable for the high school students, providing them with a solid foundation and invaluable insights into fundamental mathematical principles. Equipped with this knowledge, they were empowered to excel in their final examinations, aiming for nothing less than perfection. Specifically focusing on topics like Pure Geometry and Algebraic Expressions, the students were not only taught but also inspired by the passion and expertise demonstrated by the undergraduate mentors from our esteemed institution.

Furthermore, in line with our commitment to academic excellence and collaborative learning, the resolution to establish student tutorials represents a forward-thinking approach. By leveraging the knowledge and enthusiasm of our undergraduate students, we aim to foster an environment of mutual growth and shared learning experiences. Through these tutorials, we aspire to create a symbiotic relationship wherein both tutors and learners benefit immensely from the exchange of knowledge and ideas, thus enriching the academic landscape of our institution and bey
